

Treasured

"TREASURED" is a six-week study designed to help moms and tween daughters connect and talk about the things that *really* matter: IDENTITY // BODY // EMOTIONS // FRIENDSHIPS // TECHNOLOGY // FAITH.

Courtney DeFeo will share an inspiring message from the Treasured Study and cast a vision for how moms, small group leaders, and ministry leaders can use the study in their families, communities, and churches. It will be a very special morning you won't want to miss!
